# victron pre wired board

Your one-stop off-grid shop: Pair our Victron off-grid board with CEEPro Green Batteries and high-efficiency solar panels for a seamless, worry-free off-grid experience. Stay off-grid longer with 5 years of international warranty!

## PRE WIRED VICTRON BOARDS

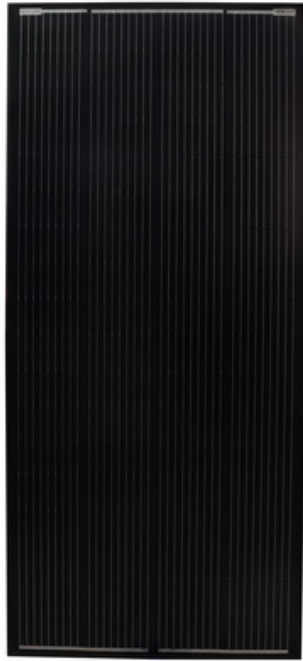

We specialize in pre-wired Victron boards, customized to your specific off-grid needs. As experienced off-grid electricians, our workmanship reflects our industry expertise, and we back our boards with a 5-year warranty

# L I F E P O 4

## LIFEP04 BATTERY RANGE

We offer advanced LiFePO4 batteries with a high-performance BMS, Bluetooth connectivity, and an integrated state-of-charge (SOC) display. Available in 100Ah, 200Ah, and 300Ah capacities, our batteries feature the smallest footprint in the market, making them ideal for space-conscious caravan applications.

# NEW 200W MONO PANEL

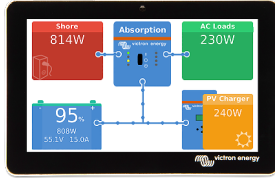

Made for Australia

Our 200W monocrystalline solar panel is specifically designed for Australian caravans, combining cutting-edge technology with a compact footprint. Measuring just 1480mm in length, 670mm in width, and only 35mm thick, it delivers top-tier performance while taking up minimal space. This allows you to fit more panels on your caravan roof for maximum energy efficiency.

## PreWired Victron Boards

Streamline your installation with our pre-wired Victron boards, expertly programmed at the factory to minimize installation errors. Enjoy peace of mind with our 5-year Australia-wide warranty. Contact your sales representative today to learn more about our Victron packages
